Aditya Kadam

DevOps-focused engineer with hands-on experience in CI/CD, containerization, and cloud deployments. Strong in GitLab CI/CD, Docker, Kubernetes, and AWS. Proven ability to automate build and release processes, reduce deployment time, and improve system reliability. Background in software development (Ruby on Rails) with practical experience shipping features.

Technical Skills

- **Cloud:** AWS (EC2, S3)
- **CI/CD:** GitLab CI/CD, Jenkins
- **Containers & Orchestration:** Docker, Kubernetes
- **Automation:** Ansible
- **Infrastructure As a code:** Terraform
- **Scripting:** Python, Shell
- **Version Control:** Git, GitHub, GitLab
- **Operating System:** Windows, Ubuntu
- **Programming language:** Ruby, Java, Python, JavaScript, HTML

Professional Experience

❖ DevOps Associate

Sunfire Technologies, Pune *03/2025 –Present*

Achievements/Tasks

- Configured and managed GitLab EE, including runners and CI/CD pipelines for automated build and deployment workflows.
- Designed end-to-end CI/CD pipelines, reducing deployment time by ~30% and improving release consistency.
- Containerized applications using Docker, eliminating environment inconsistencies and reducing deployment failures.
- Deployed and managed applications on Kubernetes clusters using YAML configurations, enabling scalable and resilient deployments.
- Implemented GitLab Geo for repository replication and high availability.
- Utilized AWS services (EC2, S3) for hosting applications and managing infrastructure.
- Troubleshot CI/CD pipeline failures and runner issues, improving pipeline success rate and reducing downtime.
- Automated repetitive tasks using Python and shell scripts, reducing manual effort by ~40%.

❖ Web Application Developer

Req Edu Technologies, Pune *08/2023 –02/2025*

Achievements/Tasks

- Started as an intern and converted to full-time role within 3 months based on performance.
- Developed and maintained web-based educational training applications.
- Built responsive UI using HTML, CSS, and JavaScript.
- Implemented form validation and improved user interaction.
- Debugged frontend issues to enhance application performance.

❖ Software Developer

ConneXions, Pune *12/2019 –11/2021*

Achievements/Tasks

- Developed auction and quotation modules using Ruby on Rails.
- Implemented backend logic for bidding workflows and quotation management.
- Designed and optimized database queries using PostgreSQL.
- Integrated frontend and backend systems for smooth data flow.
- Resolved application issues to improve system performance and stability.

Certificates

- Certificate in AWS Cloud Practitioner Essentials
- IBM's DevOps Fundamentals
- DevOps Master's Program at StarAgile Institute

Project Details

Project: Medicure – Healthcare Platform (Microservices & DevOps)

- Developed and deployed a microservices-based healthcare application.
- Implemented CI/CD pipelines using GitHub and Jenkins.
- Containerized services using Docker and deployed on Kubernetes.
- Hosted application on AWS (EC2) for scalable infrastructure.
- Implemented monitoring using Prometheus and Grafana.

Project: FinanceMe – Banking Platform (Microservices & DevOps)

- Implemented CI/CD pipelines to automate build, test, and deployment processes.
- Utilized AWS services (EC2, S3) for infrastructure setup and application hosting.
- Containerized application components using Docker for consistent deployment.
- Improved release cycles through automated deployments.

Project: E-Bidding & Request for Quotation (RFQ) System

- Developed auction and RFQ modules using Ruby on Rails.
- Implemented forward and reverse auction workflows.
- Built features for supplier bids and quotation management.
- Optimized database performance using PostgreSQL.

Educational Qualifications

❖ M.Sc. in Computer Science

06/2018 - 04/2020

ASM's College of Commerce Science and Information Technology, Pimpri

Savitribai Phule Pune University

❖ B.Sc. in Computer Science

06/2015 - 04/2018

Krantisinh Nana Patil college, Walwa

Shivaji University
